

UNITED WAY AT WORK

We have been hard at work helping our neighbors. Thanks to the generosity of our donors, we've served as the fiscal agent for the Siouxland Recovery Fund, and worked with ten local emergency management professionals to distribute food to those in need, help essential workers find daycare, provide hope and comfort to the lonely and so much more. Now more than ever United Way is working to unite the caring power of our community.

SUCCESS CORNER

Stephen got involved in Boy Scouts through the Scoutreach after-school program. He struggled with hearing problems and learning disabilities since he was young and had undergone many surgeries. Kids made fun of him.

Through encouragement from scouting, he chose to overcome any obstacle that stood in his way and persevered to make a difference in his community.

Read more about Stephen's success and others at:
www.unitedwaysiouxland.com/success-stories

Stephen is just one of the many people helped by your donation to United Way of Siouxland.
