

United Way of Siouxland Small Grants

Statement of Purpose

United Way of Siouxland (UWS) fights for the Health, Education, and Financial Stability of every person in every community. As part of its grant funding portfolio, UWS has set aside funding for use during each fiscal year (July 1 through June 30) to provide small grants to eligible nonprofit organizations in Siouxland.

The intent of the Small Grants Program is to provide support for community projects, programs, or initiatives in need of a small, one-time grant, but may not be eligible for funding through other grant opportunities.

About Small Grants

The Small Grants Program is an outreach of the Community Impact (CI) funding process. The maximum amount of available grant dollars each year will be \$15,000.

One-time grants, between \$1,000 and \$5,000 will be awarded to organizations aligned with United Way's priority areas.

Allowable Uses of Funding

UWS Small Grants Program can be used for projects such as:

- Organizational capacity building including strategic planning, governance, and other types of organizational planning and/or development activities
- Program planning and/or development
- Emergency expenses associated with capital expenditures
- Unforeseen capital expenditures necessary to provide services to clients
- Public education and advocacy in alignment with UWS community impact outcomes

Funding Guidelines

- Small Grants of up to \$5,000 are available for qualified projects
- One grant per organization, per fiscal year (July 1 – June 30)
- Organizations cannot renew project funding on an annual basis – each proposal/project will be assessed on its individual merit on an annual basis
