ePledge

United Way Can

- Customize the general content and appearance of the company ePledge site: logo, mission statement, special text, etc.

Employee Campaign Managers Can

- Print up-to-the-minute campaign management reports, such as total pledged, number of donors, average gift, per capita gift, etc.
- Print lists of employees who
 1. Have pledged
 2. Have not pledged
 3. Have responded “no pledge this year” via the web or other means
 4. Have not yet recorded any type of response
- All reports are available in Adobe Acrobat or spreadsheet format.

Employee Donors Can

- Enter a pledge: Payroll, One-Time, Credit Card, “Bill Me,” cash, check, or securities.
- Enter a “no pledge this year” response. The system will record the fact that the employee has visited the web site but not pledged, and allows the ECM to view a list of employees who have recorded some response whether they have given or not, versus those who have not recorded any response.
- Enter designations from a campaign-specific list of agencies and Service Categories.
- Review his/her account or make changes anytime during the campaign.
- Receive a confirmation email with all pledge details for their records

An Employee Campaign Example

- Company supplies list of employees first & last name, employee number, and e-mail address along with all the company specific information to build your site. (***United Way needs this information 2 Weeks before actual start date***)
- ECM sends an e-mail message containing a link to their ePledge site along with the User ID and temporary password to each employee (***Company decides these parameters***)
- Employees log onto your web site and enter their pledges and designations
- The company’s Employee Campaign Manager monitors the progress of the campaign by accessing authorized data online.
- The employees’ payroll pledges are downloaded to the company’s payroll department, for payroll deductions processing.
