United
Way

United Way of Siouxland

Dear Friends,

Thank you for your continued support over the past year. We are fortunate to live in a community that does not back away from a challenge. Overcoming obstacles is what United Way was built for and we've seen some amazing successes this past year. With your help we:

- Invested over \$530,000 into local COVID-19 relief efforts.
- Raised \$3,200,000 for continued support of 64 local programs providing over 34,754 services to people in the past year.
- Became a key sponsor of Source For Siouxland – a data-driven community impact collaboration of nearly 100 local organizations – to ensure that our community has the information it needs to adjust to changing needs and root causes.

As we wrap up our 99th year serving our community, we are reminded of the spirit United Way was founded on and are proud of the fact that the same can-do spirit is with our community today.

Sincerely

Lisa Claeys

GIVE

Anyone can champion a cause. Whether you write a letter to elected officials, attend school board meetings, or speak out on behalf of health, education and financial stability in your community, you can be an advocate and LIVE UNITED.

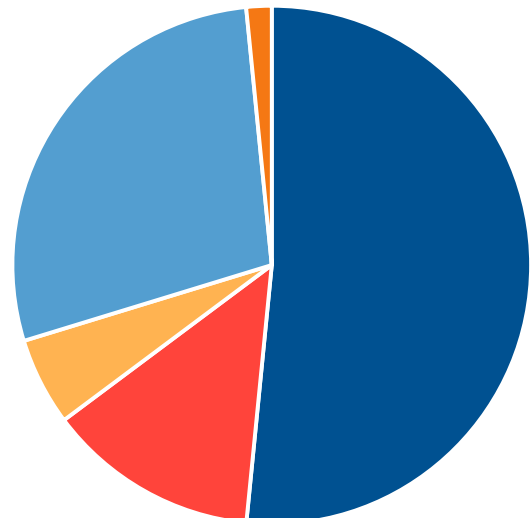

ADVOCATE

United Way of Siouxland serves as a go-to resource for health and human service information, and our public policy efforts have created programs like Iowa Reading Corps, increased support for adult education, and brought renewed focus to the importance of children's mental health in our community. Advocacy, however, is much more than public policy. When we work together and speak with a common voice, our whole community benefits.

United Way of Siouxland is able to create positive change in our community every day thanks to our volunteers. These community-minded people are willing to share their knowledge, skills, experience, and wisdom to create real change and improve people's lives. Our dedicated volunteers gave 9,489 hours to United Way of Siouxland last year, which the Independent Sector values at a rate of \$27.20 an hour. In effect, volunteers gave a generous \$258,087 by donating their talent and time to the community. They served as Board Members, Community Impact Volunteers, Campaign Executives, and volunteers through initiatives like the Earned Income Tax Credit program.
